Szanowni Państwo,

Z wielką satysfakcją i radością prezentujemy Państwu najnowszy katalog produktów Nowodvorski Lighting 2019/20. Tegoroczna edycja jest dla nas szczególna, gdyż podsumowuje 25 lat naszego istnienia. Ostatnie ćwierć wieku było dla nas czasem pełnym wyzwań, stanowiących doskonały impuls do ciągłego rozwoju i budowania silnej pozycji rynkowej. W tym czasie z małej, rodzinnej firmy staliśmy się liderem sektora dekoracyjnych opraw oświetleniowych – zarówno w Polsce, jak i w Europie Środkowo-Wschodniej.

Celom i wartościom, które przyświecały mnie i moim wspólnikom – bratu Wacławowi i bratankowi Bartłomiejowi, w momencie zakładania firmy, jesteśmy wierni również dziś. Oświetlenie to dla nas nie tylko lampa, przedmiot, ale najważniejszy element wystroju wnętrza domowego, budujący jego charakter i klimat. W powstanie każdego z naszych produktów wkładaliśmy i wciąż wkładamy ogrom serca. Świadomość, że oprawy Nowodvorski Lighting trafiają dziś do milionów domów, nie tylko w Polsce, ale też na świecie, napawa nas dumą, a jednocześnie motywuje do dalszego rozwoju. To z myślą o Państwie – naszych klientach, stale śledzimy najnowsze światowe trendy i poszukujemy innowacyjnych rozwiązań, tak, by nasze produkty zachwycały nie tylko wysoką jakością wykonania, ale też nadążały za najnowszymi trendami wnętrzarskimi. Oferujemy nie tylko pojedyncze, modne lampy, ale też podpowiadamy, jak możecie Państwo stworzyć kompleksowe rozwiązania oświetleniowe w swoich domach. Nasz asortyment to nie tylko bogactwo wzorów w różnej stylistyce, od tradycyjnej klasyki po najaktualniejsze trendy współczesnego wzornictwa, ale to także wysoka jakość wywodząca się z centrum Europy.

Jesteśmy niezmiennie dumni z faktu, że w dobie powszechnej optymalizacji wydatków i przenoszenia produkcji do regionów o niższych kosztach produkcyjnych, ale też niższych standardach pracy, my wciąż produkujemy w domu, w Polsce, w centrum Europy. Dodatkowo nasze polskie lampy są obecne na 50 rynkach świata. Idąc pod prąd branży z każdym rokiem inwestujemy w rozwój firmy tu na miejscu, w Częstochowie i Siemianowicach Śląskich – w najnowocześniejszą technologię, automatyzację produkcji, zwiększamy zatrudnienie i moce produkcyjne. Z najwyższą starannością dbamy o relacje z dystrybutorami krajowymi i zagranicznymi, by współpraca z nami była nie tylko korzystna, ale też przyjemna i bez zbędnych formalności.

Zakładając rodzinny biznes 25 lat temu z dużą pokorą i pasją do pracy stawialiśmy nasze pierwsze kroki w branży. Jak się okazało, poprowadziły nas ku świetlanej przyszłości, w której marka Nowodvorski Lighting jest doceniana zarówno przez naszych partnerów handlowych, jak i klientów indywidualnych, z roku na rok umacniając swoją pozycję. Za to zaufanie i sympatię dla naszej marki chcemy Państwu ogromnie podziękować. W imieniu całego zespołu obiecujemy tego zaufania nie zawieść. Kochamy to co robimy, w pełni oddajemy się tej pasji i mamy nadzieję tą dobrą energią dzielić się z Państwem przez kolejne lata, rozświetlając Państwa wnętrza domowe naszymi produktami.

Tadeusz Nowodvorski
Założyciel firmy.

Ladies and Gentlemen,

With great satisfaction and pleasure, we present you the newest product catalogue of Nowodvorski Lighting 2019/20. This year's products collection is special for us, it sums up 25 years of our existence. The last quarter of the century has been a time of challenges for us, a perfect impulse for continuous development and for building a strong market position. During these years, from a small, family-owned company, we have become a leader in the decorative lighting sector - both in Poland and in Central and Eastern Europe.

The goals and values that guided me and my partners - brother Wacław and my nephew Bartłomiej, at the time of starting the company, are also faithful today. Lighting for us is not just a lamp, an object, but the most important element of the home interior design, building its character and atmosphere inside. Creating each of our products, we always put in a lot of heart. Awareness that Nowodvorski Lighting products get to millions of homes today, not only in Poland, but also worldwide, fills us with pride and, at the same time, motivates us to further development. Thinking of our clients and their needs we constantly follow the latest global trends and look for the innovative solutions, in order to our products still delight clients not only with high quality of workmanship, but also keep them updated with the latest interior design trends. We offer not only single, fashionable lamps, but we also advise clients how they can create comprehensive lighting solutions at their homes. Our offer is not only a wealth of designs in a variety of styles, from traditional classic to the latest trends in modern design, but also high quality originating from the centre of Europe.

We are extremely proud of the fact that in the era of widespread expenditure optimization and relocation of production to regions with lower production costs, but also lower labour standards, we still produce at home, in Poland, in the centre of Europe. In addition, our Polish lamps are present in 50 markets worldwide. Every year going against the industry, we invest in the development of the company here, in Częstochowa and Siemianowice Śląskie. We invest in the latest technology, production automation, we increase employment and production capacity. With the utmost attention we take care of relations with country and foreign distributors. We want to keep cooperation not only beneficial for each other's, but also pleasant and without unnecessary formalities.

Establishing a family business 25 years ago, with our humbleness and passion for work, we took our first steps in the lighting sector. As it turned out, they let us to a bright future, in which the Nowodvorski Lighting brand is appreciated by both our trading partners and individual clients, strengthening our position from year to year. For this trust and sympathy for our brand, we would like to thank you very much. On behalf of the entire team, we promise you not to disappoint this trust. We love what we do, we fully devote ourselves to this passion and we hope to share this energy with you over the years, illuminating your home interior with our products.
